

FOR IMMEDIATE RELEASE

Disk Hero announces “No Delete” option

Dublin, CA, August 15, 2008 – Disk Hero has implemented an option in the web portal for easy administration that allows administrators to mark by individual end user account if the files backed up should be allowed to be deleted. If not allowed, all files the user backs up will be kept forever or until the administrator decides to pull them down for internal archiving.

About Disk Hero

Everyone has documents, pictures, music and other important files that would be difficult or impossible to replace. Disk Hero has over 42,000 customers using a complete suite of backup solutions for individuals and small businesses. Visit www.DiskHero.com for additional information and a backup solution of your own.
